

**Joint Research Conference  
MCA / ENROAC  
25<sup>th</sup>-26<sup>th</sup> June 2019  
University of Roehampton, London**

(Doctoral colloquium from 24-25<sup>th</sup> June 2019)

***Call for Papers***

Papers are invited on any aspect of organisational or accounting change, management control or performance management

Guest speakers:

*Temu Malmi (Teemu Malmi of Aalto University, Helsinki, Finland)*

*Ken Merchant (University of Southern California, Los Angeles, US)*

*Julia Mundy (University of Greenwich, London, UK)*

**Extended abstracts should be submitted by 31st January 2019**

**Extended abstracts should be submitted to the conference organisers via the MCA website: [www.managementcontrolassociation.ac.uk](http://www.managementcontrolassociation.ac.uk), following the links to Conference 2019 and paper submission. Authors with accepted abstracts will be notified by 28th February 2019, and will be required to submit full papers by 30th April 2019.**

Extended abstracts should be not more than 800 words, single line spaced. The title of the paper should be at the top of the page, with keywords, the author(s) name, affiliation, and contact details at the end. The abstract should address the following:

- What debate are you entering? Identify the background to the paper, previous research (with key references) and the issue(s) you are investigating;
- What is your argument? Identify clearly what you are contributing to the debate;
- What evidence supports your argument? Summarise the results of empirical research or source of evidence to substantiate the claims you are making, and how this data has been collected and analysed.
- What are your conclusions? – identify implications for theory and/or practice.

Examples of topics might include: the diffusion of new management accounting practices; conceptual frameworks for management control; Innovation, integrated information systems and management control; Managerial and organisational performance; Interventionist research in management accounting & control; Sustainable strategies and management control

**Scientific Committee:**

*Cristiano Busco, LUISS, Rome and Roehampton University, London & Elaine Harris, Roehampton University, David Otley, University of Lancaster, Robert Scapens, Alliance Manchester Business School, UK*
